

Timbren Suspension

Looking for a reliable helper spring?

It's time you consider using Timbren SES suspension upgrades. The Aeon® hollow rubber spring is the heart of the Timbren SES suspension upgrade.

Why rubber springs?

In many ways, Aeon® hollow rubber springs are superior to all other suspension helpers. In fact, Aeon® rubber springs are stronger than steel and more reliable than air!

See for yourself how Timbren SES upgrades will give you precisely the capacity and the ride quality that you need to keep your vehicle level and stable.

Zero Maintenance!

Enjoy maintenance-free & trouble-free driving. Spend less time in the repair shop and more time on the job. Timbren SES upgrades not only install easily; they require no upkeep. There are no metal leaf springs to sag or air springs to leak. Experience for yourself the benefits of increased stability and superior ride quality with Timbren SES upgrades.

90-day Satisfaction Guarantee

SOLVING PROBLEMS

Trailer Sway

Control Trailer Sway - a condition which sometimes occurs with unbalanced loads, in crosswinds or when passing heavy trucks. **Timbren SES** stabilizes your vehicle.

Rough Ride

Improve the Ride by allowing the Aeon® hollow rubber springs to absorb road shocks and bumps. Towing a trailer doesn't have to mean poor ride quality.

Suspension Sag

Eliminate Suspension Sag when towing a heavy trailer. **Timbren SES** extends the life of your suspension and helps to avoid bottoming out.

Body Roll

Control Body Roll during cornering with powerful progressive rate rubber springs which resist lean and enhance vehicle stability.

Firestone Air Bags

+ EASY INSTALL

+ MORE COMFORTABLE RIDE

+ MORE LEVEL LOADS

+ LESS BOTTOMING OUT

Firestone Ride-Rite™ Air Suspension Systems give your vehicle the support it needs for you to tow with **comfort, confidence and control.**

- Increase vehicle stability
- Reduce suspension fatigue
- 3200-7500 lb load leveling
- *No Drill* installation for many kits
- Limited Lifetime Warranty!

Kits include: brackets, air springs, hardware, air line, and separate valves for manual inflation. Lifted or lowered vehicles require additional items.

| 07-21 | Toyota Tundra | MSA2445 | \$513.95 | H,ND |

Footnotes:

- B- 6" Minimum from tire to frame clearance required
- C- 7.5" Minimum from tire to frame clearance required
- D- Use Spacer Kit MSA2366 for Heavy Duty models
- E- 8" Minimum clearance from tire to frame required
- G- 9.5" minimum clearance from tire to frame required
- H- No interference with most In-bed hitches
- ND- No drill installation

Air System

- Standard duty air compressor
- Single white face gauge
- Inflates two bags equally
- Quick, easy adjustment with in-cab controls

MSA2158 Single Gauge Air Compressor System **\$383.95**

Dual Path Air System

- Heavy Duty air compressor
- Dual white face gauge
- Inflates two bags individually
- Provides front-to-rear or side-to-side leveling with electronic switch

MSA2219 Dual Air Compressor System **\$705.95**

Replacement Parts

MSA2229  **MSA9039** 

- MSA2229/9039: replacement switches for MSA2097/2158 kits

MSA2229 Replacement white gauge and switch **\$146.95**

MSA9039 Replacement paddle switch only **\$60.95**

MSA0938 ¼" red air line tubing, 18 feet **\$11.95**

Firestone Air Tanks

MSA9124

MSA9125

- Coated internally and externally for maximum corrosion resistance
- Up to 150 psi.

MSA9124 ½ Gallon Air Tank **\$48.95**

MSA9125 1 Gallon Air Tank **\$73.95**

Heavy Duty Air System

- Heavy duty air compressor
- Single white face gauge
- Inflates two bags equally
- Air compressor systems give you quick, easy adjustment for your ride-rite airbags with in-cab controls to adjust air pressure for various load and road conditions. Inflates both bags equally.

MSA2097 Single Gauge HD Air Compressor System **\$566.95**

Wireless App Air System

- Free Air Command app for Apple and Android
- Two memory presets
- Simple two-wire hookup
- Inflates two bags equally

MSA2610 Wireless App Air Compressor System **\$518.95**

Gen-Y Boss Torsion
Ball Mount.

WARRANTY

Air spring kits available for more than 500+ different vehicles.

LoadLIFTER 5000™

- Without internal jounce bumper
- Up to 5,000 lb of load-leveling capacity.
- Built like a tire: reinforced with 2-ply fabric for maximum strength

LoadLIFTER 5000™ ULTIMATE

- All the benefits of LoadLifter 5000™
- Internal jounce bumper absorbs shock.
- Safely run with zero air pressure.

LoadLIFTER 7500XL™

- Up to 7,500 lb of load-leveling capacity
- Big 7" double-convoluted-bellow air springs
- Up to 20% more volume than LoadLifter 5000™
- End caps made of nylon composite – will not rust

Single Path Air System

- 2 year warranty
- Single path, inflates two air springs equally

MSL25592 Single path, standard compressor kit **\$322.95**

Dual Path Air System

- 2 year warranty
- Dual path, inflates two air springs individually

MSL25812 Dual path, standard compressor kit **\$475.95**

Heavy Duty Air System

- 2 year warranty
- Single path, inflates two air springs equally
- Heavy duty compressor for faster inflation and quieter operation

MSL25854 Single path, heavy duty compressor kit **\$390.95**

Self-Leveling Wireless System

- 2 year warranty
- Single path, inflates two air springs equally
- Automatic self-leveling height sensor maintains level ride
- No lines or controls needed in vehicle cab
- SmartAIR™ II does not work with Air Lift 1000™ series springs

MSL25490 Single path, automatic compressor kit **\$603.95**
